

Dear Sir/Madam,

Please do not allow the new LPFM stations to take priority over current FM translator service. I listen to Air 1 radio, a positive Christian alternative in the Riverside, CA area. I love the music, and the message that this station brings. There are no commercials, so literally 24 hours a day, a positive message is heard. I am a high school teacher in Riverside County and I can't tell you how many hundreds of our students choose to listen to Air 1 over other stations that are overtly sending the strong message that sex, drugs, and violence are hip. Air 1 gives the opposite message, that we all have personal responsibility and character, integrity and faith are the answer.

I believe that Air 1 is helping to create a positive environment for our young people, as well as people like me and my husband, who are in our forties. Please don't allow the LPFM stations to displace the quality programming that Air 1 provides. It is not in the public interest to do so because stations that brainwash our citizens into doing things that aren't so hip. At our high school last year, there were three days of rioting that was racially motivated. You can bet those students listen to stations that do not broadcast the truth, as Air 1 does.

Sincerely,

Lisa Ogden
Teacher, Temescal Canyon High School
